ALLOSAURUS FOOT

Why a Replica?

THIS IS ONLY 1/3 OF THE ENTIRE LEG BONE.

“And to hear how the water
Comes down at Lodore,
With its rush and its roar,
As many a time
They had seen it before.”

Dinosaur leg bone

Touch a piece of the Earth
that's 1.2 billion years old
(that's 1,200,000,000 years!).
It is quartzite from the
Uinta Mountain Group.

HOMESTEADERS

SOLITARY FOLK – HARD WORKERS

HANK AND MAY RUPLE

settled in Island Park in
1882 and began ranching
cattle. Their son, Hod,
later raised sheep.

His family lived at Island
Park until 1945.

MAY RUPLE

JACK AND MARY CHEW
and several of their children
moved to Pool Creek in 1910.

Their ranch was deep
in Pool Creek canyon,
10 miles (16 km) from
the nearest neighbors.

The ranch operated
until 1966.
